EXPERIENCE

Data Analyst (Internship) **October 2026 – Present**
alphaMountain.ai, Lehi, UT

AI Tech Support Engineer (Internship) **May 2026 – Aug 2026**
Podium, Lehi, UT

- Diagnosed a call escalation routing bug affecting 80,000+ calls; shipped a fix cutting failures 55% to 2%
- Built an org-wide evaluation platform for agent-level calls, replacing legacy call quality monitoring tools
- Rewrote AI voice agent policies to cut needless clarifying questions; tuned ElevenLabs v3 voice settings for conversation flow

Back End Web Developer **Jan 2026 – June 2026**
BYU Law Building, Provo, UT

- Develop and support back-end services for cloud-based applications using Node.js, MySQL, JSON, and Postman
- Implement and maintain restful APIs, facilitating secure efficient communication between applications and databases
- Collaborate within a back-end development team, while contributing to scalable and maintainable codebases

Peer Mentor **Aug 2024 – Dec 2025**
BYU Office of First Year Experience, Provo, UT

- Mentored 30-50 students annually, tracking progress in Salesforce CRM to provide year-round resource-based support
- Partnered with professors to deliver classroom presentations, designing PowerPoint and live demonstrations for students
- Conducted 200+ one-on-one coaching sessions, leveraging active listening and structured conversation frameworks

Volunteer Representative **Dec 2019 – Nov 2021**
The Church of Jesus Christ of Latter-day Saints, Singapore, Singapore and St. George, UT

- Directed 30+ missionaries, facilitating goal setting and providing reports to supervisors and leaders
- Trained 2 Elders, creating an environment focused on growth and encouragement
